## DETAINEE GRIEVANCE

Detainee Last Name: HARRISON First Name: Bobby

ID #: 2004-0072892 Div.: 10 Living Unit: 2D Date: July 21 / 07

BRIEF SUMMARY OF THE COMPLAINT: is Pretending to the Shower in div. 1, G2 medical deck. I

Filed numerous grievances pretending to this issue. There is no hot water in the shower, and it is filthy  
with rust hanging from the ceiling, thick slum on the walls, slime, bugs and all kind of the traps  
is on the shower floor, because the drain system is usually stop up which causing water to stand  
on the floor at all time. The first week in June, 07 we showed officer Escamilla the bugs and we  
spoke to Sgt. Barton, the next day on our way to the recreation about the condition of the  
shower. He said he would bring some cleaning gar up to the deck so we could clean the shower.  
Today is July 6, 07 and we still didn't received any cleaning gar. This have become a threat to  
our safety, physical, mental and well-being. The cold water and the filthiness limits us to fewer  
shower. It's deprived us of our basic elements, which constitutes a denial of our personal

hygiene and Sanitary living conditions. Witness is Following:

is Retaining to the officers on D2 in Div. 10. I've been on this for  
BRIEF SUMMARY OF THE COMPLAINT: Since June 9-07, and since I've been here I've noticed the  
7 to 3, and 3 to 11 Shift Officers abandoning the deck everyday when they go on their lunch break. They  
always locked the detainees back in their cells and leave the deck unattended for a hour and some  
time even longer. We are already on official lockdown 18 & 6, now are being deprived of another hour  
of our time, which make the lock down 18 & 5. This is a medical deck and should not be  
left unattended or deprived of any more of our time. Nevertheless, if psychiatric patients and people  
with all types of health problems and anything could happen. For example, if someone was to be  
assaulted by their cell-mates or have a heart attack, or a seizure, etc. Who would come to the  
detainees aid? These cells is not equipped with a panic button, or any instrument for summoning  
help in case an emergency. I've also noticed that the officers never come on the walks at night except for  
count-time. The truth be told we have been exposed to a substantial risk of serious harm, and continues  
to be exposed. The constitution give detainees a right to be protected from this type of element. I am sure  
the higher officials already know about this element, if not they do now. We detainees on D2 is con-  
cerned about our safety, that's why I am writing this Grievance to the administration of the Posi-  
bility that something could happen.

is pertaining to lock down & denial of medication

BRIEF SUMMARY OF THE COMPLAINT: We was first put on 18 & 6 lock down around Feb 2007. A couple weeks later Supt. Villanueva came to the deck and said: He had to take us off of lock down because psychiatric patients don't supposed to be on lock down. On June 20, 07 we were put back on 18 & 6 lock down where one side come out in the morning and the other side come out in the evening. June 22 07, it turned into official lock down. We were told because of a staying that happened in div 10. We remained on the official lock-down until around July 6, 2007 and it went back to 18 & 6. We were transferred to div. 10 on July 9, 2007 and we remained on 18 & 6. Until today July 23, we are still on 18 & 6 lock down. During the month of lock-down I've witness to 3 attempted at suicide in div 1, & 2 Tier where the detainees tried to hang themselves in their cells. Their family called the officer and they were taking away. I also witness the psychiatric patients screaming, yelling, loud beating on the steel walls and slapping their property against the floor. The noise raised to an level of unconstitutional standards where you could sleep at night or day. When we first got to div 10 we didn't get all of our medication for the first few days. The detainees freak out the cells were flooding withing & water were all over the place. 7-10-07 in the evening 10-10 was called because a detainee walk out of his cell when the officer open his door for dinner. The Supt. Salazar ordered the officer to lock the other side up. That same night the cells were flooding. 2 Sgt. & Capt. Gomez came on the deck. Capt. Gomez called his supervisor. He said his supervisor will have a nurse to bring out medicine to us. between 7:30 & 8:00 A.M. that morning the nurse didn't come until around noon, and she didn't have every body medicine. It was a

On Oct. 17, 07 the officer said the only thing you can exchange is 1 sheet 1 towel, that he have no D.O.C. top nor bottom. On Oct 28, the same thing happened, Officer Knight said the only thing you can exchange is 1 sheet, 1 towel, that I have no D.O.C top & bottom. Some of the detainees spoke up and said, What the use in us coming down here, if you don't have anything for us to change into? Officer Knight, said this is an procedure, My job is to call you down here whatever or not, I have anything for you to change into. The officer, is wrong about that we supposed to have proper clothing exchanges, adequate clothing exchanges. Anything other than that constitutes a denial of basic element hygiene. is pertaining to the ventilation systems in the cells on the low-side. The ventilation system are not providing adequate air in the cells. There is no air coming out of the vents on the low-side. I have a hard time breathing on the inside of my cell no. 11. We detainees on D2 brought this issue to Superintendent Plaxco, attention in the month of June 07 when we first got to div. 10 when he came on the deck. We told Mr. Plaxco, that the are was not working inside the cells on the low-side. He said the air is working in the cells. We said no it's not, that you can open the cells and check it out for yourself. He refused to open the cell doors to check it out. He said we have bigger issues than that. This air problem had causing me health problem; I consently keep a cold by being in a cell with no air and I have difficulty sleeping. I am suffering from a bad cold as I am writing this complaint. I am not the only one who is complained about this problem. The whole low-side is saying the same thing. Now, since Superintendent Plaxco, is aware of this problem, and have ignored this issue please let this grievance be forward to the director or Sheriff of Cook County Jail. This is a serious matter and it needs to be addressed appropriately.
